Real Estate Holdings in New England

## Igor Malenko

Mila's Father - Dutch-Macedonia, Citizen

Malenko involved with Balkan Russia Mafia

## MILA MALENKO

6 yr. old daughter being  
abused by Father since 2

**Attorney Bob Flores** (former Deputy Director of Child Exploitation at DOJ under President Bush) who is representing for Lori Handrahan.

**Mary Gay Kennedy**, Lori Handrahan's first Judge. Lori had sole custody w/ protection orders for abuse and domestic violence. The night before the final divorce hearing, **Judge Moskowitz** suddenly took over the case & changed Judge Kennedy's previous protection orders. Mary Kennedy said that she "can't discuss the case" when Steve Pickering called her about the dismissal.

**Portland Maine DA Stephanie Anderson**, Cumberland County, Portland, ME for 20 yrs. Anderson pulled Judge Jeff Moskowitz off the bench to enforce the court order of joint custody. But Cape Elizabeth and South Portland PD lied to DA, hid Mila, and refused to turn her over. DA then prepared criminal charges against Waxman & Malenko but was forced to drop charges.

**ADA Bud Ellis**, Cumberland County, Portland, Maine – protected Malenko and his shop lifting charge. Bonnie Titcomb Lewis claims Ellis is involved in the exchange of sex for drugs.

**Bonnie Titcomb Lewis** – is an old friend of AG Janet Mills and was on the Board of Maine's Children's Alliance. She resigned after receiving Crocker's fraudulent report. When AG Janet Mills ordered CPS not to protect Mila Lewis engaged in a long email exchange with Mills demanding to know what Mills was doing. Lewis reported this to FBI Agent Jeff Johannes in DC.

**AG Janet Mills** Lori and her attorney had a meeting had a meeting scheduled with **Jim Beaugher** (Dan Despard's boss, former head of CPS). Janet Mills cancelled the meeting and ordered CPS to do nothing to protect Mila saying that a judge was going to protect this child. Significant because an AG interfered with a CPS Investigation about the confirmed rape of a 2 year old girl.

**Assistant USAG (DOJ) – Jon Chapman**, Head of Criminal Division for USAG in Portland, ME called Attorney Bob Flores and said, "Are you really representing Lori Handrahan?" When Flores replied yes, John Chapman said, "I have been given marching orders to silence her because she is creating a hassle for important people in Maine." The important person was allegedly Lt. Glen Lang, head of ME computer crimes unit.

**Assistant USAG's David Joyce; Donald Clark; and Dan Perry** – Attorney Michael Waxman sent an email titled, "Dangerous Internet Posting" to the 3 USAG's. The intent of the article is that Lori's website detailing the evidence of her daughter Mila's abuse was dangerous for Waxman. Waxman successfully got the website taken down after over 90,000 views of the site were registered. Waxman's email to DOJ "I asked these 3 to make problems for Lori Handrahan and to take down the website". Waxman copied Bill Fisher, Maine Assistant AG, on the email, using both his Maine government email and his private email

**Maine's Former Assistant AG, top drug prosecutor James Cameron**, convicted for Child Porn represented by Peter Rodway (who is joined at the hip to Michael Waxman and whose entire legal case load consists of representing/defending pedophiles)– Rodway said, words to the effect of, "Why is my client being singled out there are others involved. During the critical Cameron quoted a scripture that paraphrased means, "In the end, they will all be exposed."

**Finard Properties** in Boston, Maine – Waxman's family fortune needs to be looked into. He owns 50% of Maine, literally. He owns the largest Corporate Real Estate in New England. He is linked to **Jamaica Tryall Club**, a 5 star resort in Jamaica. His holdings are also in Memphis, TN. It was discovered on 9-17-2013 that Sarah Tyrell does not exist. This is the name of the person stalking people that help Lori that leads to Waxman threatening them.

**Judge Jeff Moskowitz** in Mila's case, states that the ruling from Judge Donald Alexander handed down in Waxman's case for dismissal from the BAR is what he uses as his gold standard in Mila's case.

**Judge Donald Alexander** on the Maine Supreme Court. Waxman had 7 atty's bring 13 counts against by the BAR and testified against him w/ overwhelming evidence of misconduct. Judge Alexander ruled against the 7 attorney's stating there was no evidence and that he had not violated the BAR in any way. In 1980 he was District City Judge that protected the John Keneyer, FBI Bureau Chief in Maine that raped, over a two year period, his 10 year old family baby sitter. He got 6 months jail time. He was immediately appointed Supreme Court Judge.

**IDEXX** is the veterinary company where Malenko works first as a night time janitor and then as a lab assistant. His IDEXX computer was found in a known child porn trading site. Lt. Glen Lang, ME computer crimes, refused to investigate.

**Malenko** was on a list of Secure Communities for deportation in 2010 for his immigration violations as told to LH by Sr. ICE Agent for ME, Brian Featheringham. He then told LH, suddenly, his hands were tied and Malenko was being protected.

Malenko was substantiated by **Spurwink Sex Abuse Forensic Examiner** for the sex abuse of Mila when she was 2 yrs old. CPS refused to enforce the Spurwink decision. Judge Moskowitz said there was no evidence despite 6 hours of testimony by Spurwink.

Malenko was arrested for and pled guilty to domestic violence assault on Lori & Mila when she was 3 mos old

Malenko was arrested for and pled guilty to shop lifting with Mila when she was 3 years old.

Yale Pediatric Toxicologist Director, **Carl Baum** confirmed lethal amounts of methamphetamine in Mila's urine after a week-end with Malenko and Waxman

**ME AAG Bill Fisher** – when Lori got the email "Dangerous Internet Postings", she noticed that Bill Fisher was the only person whose private email was also copied on the email. She did a Google search on his private email and saw a posting he made on a Brown University alumni site discussing his wife Karen Simone.

**Karen Simone** (was married to AAG, Bill Fisher may be divorced now? Not clear), Head of Maine Poison Control. She insisted that 56 NG of meth, 10 times the legal reporting limit, in 3 yr old Mila's urine is nothing. She called it a teeny weeny amt. and told child protection not to act on the evidence. She said the same to Sgt. Steve Pickering in a recorded phone call. This is child endangerment, medical fraud, etc. Waxman threatened to sue Pickering immediately after Pickering spoke with Simone.

**Polly Campbell, RN** is Director of sexual assault forensic training at Maine's AG office. Mila disclosed sex abuse by her father to Polly Campbell. Campbell reported to CPS. She was then sued by Waxman. The case went on for 2 years. She won on every level but during this time her lawyer told her to stop advocating for Mila. Campbell also told Dorothy Hill that her hands were tied in Mila's case by her boss AAG Bill Stokes.

**AAG Bill Stokes**, Campbell's boss should have prosecuted in Ayla Reynolds case (a 2 yr old that appears to be a child porn snuff case trafficked by child protection case workers and Lewiston Maine police). Handrahan believes he is part of elite pedophile ring controlling ME which she says is a lawyer's child sex abuse ring being protected by Maine's AG & USAG office.

**Jim Beaugher**, Dan Despard's boss, also allegedly fired over his conduct in Mila's case Spring of 2012. Despard claimed that CPS had secret evidence that they did not share with Spurwink when they commissioned Spurwink to investigate Mila's sex abuse. Despard claimed their secret evidence null and voided Spurwink's confirmation of Mila's sex abuse. Jim Beaugher told Handrahan's attorney Bill Harwood this was a lie and he apologized sincerely for the lie. He then agreed to meet Harwood and Handrahan to create a plan to protect Mila and to show Harwood and Handrahan Mila's CPS file. As noted above he was prevented from doing this suddenly by AG Janet Mills.

**Sarah Tyrell** has been stalking anyone that shows support for Lori and Mila via social media. As soon as she contacts people, they soon afterward receive threats from Attorney Michael Waxman. Lori was fired from American University as a result of **Sarah Tyrell** (who was proven by Europol and Irish Police, to not exist) boasting on Twitter of getting LH fired. It is presumed that Sarah Tyrell is an alias for Michael Waxman. Note the similarities between **TRYALL & TYRELL**.

**Yvonne Williams**, President of Trafficking In America Task Force was threatened by Michael Waxman if she allowed LH to present at the 2013 conference on human trafficking. Numerous others have been threatened by MW for supporting LH and Mila.

**Peter Rodway** – has an adjoining office with Michael Waxman. He represented James Cameron who had evidence against other lawyers, judges, etc. He was convicted in the lower court. Rodway represented him on appeal in the Federal court in Boston, ME. He was acquitted because the Federal Judge said that the US Government produced no evidence. When on appeal, James Cameron fled to New Mexico was caught and is now serving a reduced sentence. Came to everyone of Handrahan's hearing.

**Tom Bureau** was forced out of his position as **Lt. Glenn Lang**, was put in place as Director of Computer Crimes in Maine to replace Tom Bureau – Glenn Lang received scanned shots of proof that Malenko's computer had been on child pornography sites, and his email that says, "what are you offering?" Lt. Lang began his work in this position in 2006. From 2006 to 2013 there are no annual reports filed. In the case of Kennebunk, Zumba Prostitution Scandal, Child Porn was found and covered up. There were approximately 178 Johns discovered. Lt. Lang said he "lost the computer" that had all the evidence.

**Rod Hotham** – CPA that handled books for corrupt Maine professionals. Went to the AG offering proof of expensive money laundering was put under state police protection by state AG. Went missing under state police protection, never seen again, no body found.

**MAINE cases of child sex abuse where Maine prosecutors refuse to prosecute – Catholic Church Priests Maine (1980's in ME) –**was told to turn over all their files on sex abuse to the AG's office in Maine. They did. There were never any prosecutions. The same with the **Baxter School for the Deaf** case (1990's – Portland, ME - These were violent rapes. When the children tried to resist, the **Director** tied them naked to a tree overnight) and the Pineland School for Disabled Children case. **Logan Marr** (CPS took the child from the mother with no reports or complaints of abuse) apparent child porn snuff—she was killed by 40 feet of duct tape in a high chair and left to die in a basement by a child protection case worker; **Ayla Reynolds; David Handler** (a 6 year old little boy taken by child protective services. The child has not been seen since. **Megan Waterman** – her body recently showed up on Long Island, NY beaches. She is from Portland, Maine; FBI Maine, Former Chief **John Kenayer**, raped Lucy 10 year old girl.

**Gary Plummer** on the Criminal Justice and Safety Committee took over Bill Diamond's seat. Bill Diamond protects Lt. Glenn Lang. In the middle of Plummer's election his sole opponent suddenly dropped out and he ran unopposed. Former teacher from Windham, ME. Windham ME had been the hub of an escort service and is also linked to Megan Waterman.

Harvard M.D. Eli Newbergerer, National Child Abuse Expert confirmed blunt force trauma to Mila's head by Malenko.

**NOTE\* BLUE Boxes are the top 7 names that are most highly connected to corruption.**

**Dean Crocker** Executive Director of Maine Children's Alliance and ombudsmen Child Protective Service. **KEY to Mila's case** because Crocker issued a fraudulent report claiming there was no evidence of Mila's sex abuse, that MALenko had no criminal record, and that Handrahan was delusional. Pickering called Crocker about the report. Crocker admitted he didn't write it although he signed his name to it, refused to say who wrote it. Pickering was shaken by the call saying he felt physically ill after speaking with Crocker. Crocker as ombudsmen for CPS is legally mandated to provide over-site and accountability for Dan Despard as head of CPS. Instead Crocker protected Despard at every point.

**Dan Despard**, Former Head of Child Protection in Maine. Allegedly fired over his conduct in Mila's case July 2012. He was in charge of Mila's case from 2009 to 2012. At every point he lies, refused to act on evidence of Mila's abuse and protected Waxman and Malenko.

**Lucky Hollander** was a senior official at DHHS 2009 to 2012. Hollander also engaged in the email exchange with Bonnie Titcomb Lewis and AG Janet Mills demanding to know why Mila wasn't being protected after Spurwink's confirmation of her sex abuse by her father. These emails are on record as well. (See BOX 5, 6 under LH column)

Retired State Trooper, **Dave Burns** and current State Representative, Head of Maine's Legislative Gov't Oversight Committee tried to open a Legislative Government Oversight investigation into **Lt. Glenn Lang** and he was asked to leave it alone by Senator Bill Diamond.
